## PRODUCT CORE

# TECHNOLOGY

### 产品核心技术

产品得到市场的充分认可最主要来自于设计。对于每款产品，设计团队需深入生活细节观察、关注最新时尚走向、进行各地市场调研并需对各类使用材料的材质进行专业性的剖析、研究。针对市场变化迅速、款式选择需求繁多的特点。注重加强产品款式的新旧更替，以功能性的创新设计及精良制作工艺，着力体现浴室家居自然唯美的典雅和绿色环保的天然本质。并不断研究市场走向，以更快更新的理念提供新产品上市，提高市场竞争力，保持产品引领时尚走向。确保每一款产品都能获得市场认同。

浴室柜产品采取固定组合结构，避免整体喷漆受外力影响产生表面开裂现象，每一个部位上漆均匀，表面平整、富有质感、提升档次。内外部防水处理到位，增强柜体防水防霉性能，延长使用寿命。板材衔接处存有细小空间，板材伸缩留有余地，防止板材受挤弯翘或受热膨胀。

The product is fully recognized by the market mainly from design. For each product, the design team needs to go deep into the life of observation, pay attention to the latest fashion trends, conduct market research and professional on various materials. The industrial is characterized by rapid market changes and a wide range of style selection requirements. Focusing on strengthening the old and new replacement of product, with functional innovative design, sophisticated production techniques, and natural essence of green environmental protection, Fabiao provides new products to market with the concept of faster update, improve market competitiveness, and keep products leading the fashion trend. Make sure that the market recognizes every product.

The bathroom cabinet products adopt a fixed combination structure to avoid the surface cracking caused by the external force, and the paint is evenly distributed on each part, the surface is smooth, rich in texture. The internal and external waterproofing treatment is in place to enhance the waterproof and mildew resistance of the cabinet and prolong the service life. There is a small space in the joint of the plate, and there is room for the expansion and contraction of the plate to prevent the plate from being bent or heated and expanded.
